

FOXY'S EYE MASKS

Our Eye Masks help relieve puffiness, dark circles and migraines. They are made of green, jasmine or seaweed tea and crushed marble stones. Each Eye Mask can be repeatedly reused for 30 days after the initial activation. When it's time to discard the Eye Mask, its contents can be worked into the soil around a plant as fertilizer to help the plant grow!

Each Tea Eye Mask is packaged in a durable, easy-to-open clamshell, which also serves as storage when the eye mask is placed in the refrigerator. The packaging is recyclable.

So easy to use... and completely reusable.

Great benefits for everyday urban lifestyles.

- Restore: Skin tone and eliminate dark circles
- Remove: Eye puffiness
- Relieve: Migraines
- Revive: Stressed skin
- Refresh: Eyes from exposure to city pollution
- Repair: Sun damaged and over exposed eyes
